

Declaration of Top Management on Quality

The primary goal of Seargin Sp. z o. o. is to offer top-class services that meet the needs and expectations of customers and guarantee their full satisfaction. This is the way to gain the full trust of the customer, the opinion of a reliable partner, strengthening the market position and ensuring the development of the company.

We will implement Quality Declarations through:

- ✓ Monitoring customer needs and keeping up with their growing demands;
- ✓ Full commitment of top management and all employees;
- ✓ In achieving the established quality goals;
- ✓ Providing professional and efficient customer service;
- ✓ Consistent HR policy - by defining the competences and rights of employees and ensuring their comfort of work, opportunities for self-fulfillment and development;
- ✓ Providing appropriate resources and infrastructure to achieve compliance of product implementation with customer expectations and legal requirements;
- ✓ Systematic improvement of the quality and competitiveness of services;
- ✓ Careful selection of suppliers who meet quality requirements;
- ✓ Maintaining and continuous improvement of the quality management system in accordance with the ISO 9001 standard.

The company's Management Board declares commitment to implement and maintain the Management System in accordance with the requirements of the ISO 9001 standard and to provide the necessary resources and means to implement the principles of this Quality Declaration, confirming that the policy is communicated, understood, applied and available in all areas of the organization, including for interested parties.
